

METZIN HD XV7 – High Definition

Borehole / Pipe Inspection

Remote Video Borescope

System Solution for Pipe/ Vessel Inspection

Technical Data

Monitor (high definition)

Dimensions	260 x 160 x 70 mm
TFT display	7" / 16:9 format / 1024 x 600 pixels
Video recording	1280 x 720, HD resolution
Picture snapshot	1280 x 720, HD resolution
Comment & Notes	Text annotation on snapshot & record files
Weight	1.5 kg
Power supply	Level VI efficiency, 100~240V AC in / 15V DC out
Battery	Build-in rechargeable Li-ion battery pack
Battery lasting time	6H (battery status in display)
Operating temperature	0 ~ 40 °C
Storage temperature	-10 ~ 60 °C
Dimensions	260 x 160 x 70 mm
TFT display	7" / 16:9 format / 1024 x 600 pixels

Spares & accessories

► **Camera Ø 28mm**
Long Focus (60mm~∞)
Resolution: 720P HD

Length	235mm
Outer diameter	25mm
Focal distance	5 to 60 cm
Field of View	107°
Lightning Source	Camera lamps Twelve (12) LEDs
Operating / Storage Temperature	-20 to -70 °C
	Warranty One Year Limited Warranty

► **Camera Ø 30mm**
Long Focus (60mm~∞)
Resolution: 720P HD

Length	235mm
Outer diameter	30mm
Focal distance	5 to 60 cm
Field of View	107°
Lightning Source	Camera lamps Twelve (12) LEDs
Operating / Storage Temperature	-20 to -70 °C
	Warranty Two Year Limited Warranty
